Subject: Inforum Collection

Dear Dean Duff,

I am a librarian from the John M. Kelly Library and I also sit on the UTFA Librarians Committee. I was very disappointed to hear that there were plans to dismantle the Inforum collection without consultation from key stakeholders and approval of Faculty Council. The Inforum collection is a valuable resources for the students, faculty and the UTL community. On many occasions, I have accessed the collection for my work and research. The removal and relocation of these resources would add another barrier to accessing the collection. I hope the iSchool will re-consider this decision and consult key stakeholders, including librarians, students, and faculty.

Thank you for your time,
